Summary

Innovative IT graduate specializing in software engineering, cloud computing, and full-stack development. Proficient in Python/Django, React, and Azure with hands-on experience in CI/CD pipelines, automation, and scalable web applications. Proven ability to reduce inefficiencies by 40% and deliver impactful solutions. Seeking a role to leverage technical expertise and deliver innovative technology solutions.

Experience

Tuwaiq Academy • BootCamp • Full-Stack Developer   *Sep 2024 – Dec 2024*

- Developed and deployed scalable web applications using Django/Python, enhancing performance by 25%.
- Built responsive front-end interfaces with HTML, CSS, and JavaScript.
- Automated workflows using CI/CD pipelines via GitHub Actions, reducing deployment time by 50%.

Cybersecurity Center of KAU • Cooperative Training • Developer   *Sep 2023- Nov 2023*

- Developed scripts for data analysis and report generation, improving accuracy and efficiency.
- Automated reporting processes using JavaScript, reducing manual effort by 40%.

_____

Activities

Graduation project
Role: Back-End Developer / Data Analyst
- Designed a Flutter-based application with real-time object detection using Python/OpenCV and Firebase, improving system efficiency by 30%.

Web Development Projects
Role: Project-Manager / Full-Stack Developer
- Led a full-stack projects using Django, React, and Tailwind for dynamic web development.
- Deployed applications on Azure and Railway one-click with SSL/TLS certificates for enhanced security.
- APIs, JSON, And AJAX for page optimization and interactivity

_____

Education

king Abdulaziz University, Saudi Arabia, Jeddah   *2020-2024*
Bachelor of Science in information technology, specialized in software engineering with GPA: 4.70

OXFORD English and Business Academy   *Feb 2019- May 2019*
English Language courses

_____

Key Skills
- **Programming Languages:** Python, Java, JavaScript
- **Web Development:** HTML, CSS, Django, React, Bootstrap, Tailwind
- **Cloud Platforms:** Azure, Firebase
- **Version Control Tools:** Git, GitHub
- **Soft Skills:** Communication, organization, continuous learnability, Active listening.
